CINI CHETANA RESOURCE CENTRE

The Institute

Capacity building constitutes a key domain of work of CINI. Since inception, CINI Chetana Resource Centre specializes in imparting training to the Government and Non-Government functionaries as one of the pioneer training institute in India

The primary objective of CCRC is to develop human resource in Government Institutes, Non-Government Organization & Communities through appropriate support in their capacity building in health, nutrition, education and protection. To sustain this process the intervention lays considerable importance on field experience to add to the pool of knowledge & its subsequent percolation. CINI and other partners have made a valuable contribution in enriching the pool from their field experiences that get translated through the participatory sessions. Apart from this, sensitizing different groups within the community through innovative and effective resource materials has also been an intensive process of learning for the institution.

Objective

Our objective is to improve the quality of life, education, health and culture of the community through capacity building

Our Mission

Sustainable development in health, nutrition, education and protection for child, adolescent and women through capacity building.

Milestone of CINI CHETANA RESOURCE CENTRE

1988-2000

- Initiated to supplement capacity building & Staff Training of CINI
- Reached community through ripple effect
- Gradually grew up as one of the leading Training Institutes
- Registered as a separate organization during 1988-1989
- Capacity building services extended to community levels with support from 'Save the Children Fund', UK.
- Reproductive and Child Health (RCH) training initiated for the field level NGOs.

2000-2021 (till March)

Core strategy for Capacity building

People of a community establish relationships based on values and trust imposed to constitute the social capital. These capitals allow the planner, policy maker and implementer to successfully design and implement number of sustainable development projects. To strengthen rural governance and encourage social transformation at the community we follow;

Specialized Training for Professionals in Development Sectors, Academic Institutes, Students and Adolescents

- Training of Trainers on participatory training methodology.
- Behavior Change Communication (BCC).
- Soft Skills which include Self, Value, Motivation, Leadership, Team Building, Stress Management and Communication.
- Life skill including Decision Making, Refusal Skills and Negotiation Skills.
- Community Mobilization.
- Advocacy.
- Post-COVID complication management and follow up
- Tailor made training as per client's requirement on above specified domain.
